ERIC TERMS

LEASCO also offers twin bound volumes of ERIC TERMS postings.

- **ERIC DESCRIPTORS** matches the controlled indexing vocabulary of the ERIC Thesaurus to the ERIC accession numbers that have been indexed by each term (i.e. "Posted" to each term).
- **ERIC IDENTIFIERS** matches, in the same way, the specialized index terms not otherwise available, e.g., project names, test names, acronyms, etc., to ERIC accession numbers.

Both books are invaluable tools for assisting computer searching of ERIC TAPES files and as stand alone reference tools for analysts and searchers without access to computer facilities.

Each volume includes an alphabetic array of all terms with a listing of accession numbers to which they have been posted. Also included are statistical data detailing the number of times each term was posted, by accession series and by type of usage (i.e., published index or magnetic tape file only).

Most important of all—the ERIC TERMS volumes contain *all* postings for each term in the ERIC base—listing not only published terms but also the tape file-only terms not contained in *Research in Education* indexes.

Copies of ERIC TERMS may be ordered by completing the order form below.

HOW TO ORDER ERIC DOCUMENT REPRODUCTIONS

Purchase from: ERIC Document Reproduction Service
Post Office Drawer O
Bethesda, Maryland 20014

To enable users to obtain the full text of documents cited in the reports section of the monthly issues of **Research in Education**, ERIC established the ERIC Document Reproduction Service (EDRS).

EDRS supplies copies of these ERIC REPORTS in two forms:

- Microfiche (MF)—4" x 6" sheet of microfilm on which up to 70 pages of text are reproduced.
- Hard Copy (HC)—reproduction of the document on paper at the original size.

The correct cost of each document cited in **Research in Education**, both in hard copy and microfiche, appears in all citations after May, 1971. For past issues of **RIE**, individual documents may be ordered at 65 cents per title for fiche and \$3.29 for each 100 page increment (101-200 pages, \$6.58; 201-300 pages, \$9.87; etc.) for orders of hard copy titles. Orders must include the accession number (e.g. ED number), type of reproduction (HC or MF), and the number of copies. Payment must accompany orders under \$10.00.

To facilitate rapid turn-around for priority requests a "walk-in" order service is available at the EDRS Facility:

Leasco Information Products, Inc.
4827 Rugby Avenue
Bethesda, Maryland 20014

Monthly standing orders for microfiche copies of all ERIC reports announced in each issue of **Research in Education** average \$120 per month, at the reduced rate of 8.9 cents per microfiche. Complete microfiche orders for the special collections are also available at cost savings. Prices for these collections are:

ERIC

is a nationwide information network consisting of a central staff at the Office of Education and 18 clearinghouses, each of which focuses on a specific field of education. The clearinghouses acquire, review, abstract, and index the documents announced in *Research in Education* and disseminated through the ERIC Document Reproduction Service. The clearinghouses also prepare bibliographies and interpretive summaries of research. Like other documents, these products are announced in *Research in Education* and disseminated through the ERIC Document Reproduction Service. The clearinghouses cannot provide detailed replies to inquiries for information on specific topics. Instead, educators are urged to acquire *Research in Education* and the other ERIC bulletins listed on the ERIC products page and use these resources to search for desired information.
